Dear Parents,
Ramdan Kareem Greetings from Ideal Indian School!!!

As we encounter a significant increase in applications alongside limited availability in the morning session, we are committed to ensuring a fair and transparent admissions process. Henceforth, admissions will be conducted through a waiting list system. Families with siblings currently enrolled will be prioritized based on the number of children in the family, years of schooling, and the availability of seats in each grade level.

Effective April 2, 2025, all registrations for grades KG 1 through Grade 8 will transition to an online format, contingent upon seat availability. We strongly encourage parents to consider all enrolment alternatives, as the number of applications for the 2025-26 academic year exceeds the available seats by a factor of more than 28. This substantial demand underscores the challenges we face in accommodating all applicants.

Your understanding and support are essential to the effective functioning of our school community, and we believe that together we can navigate this complex situation. Thank you for your cooperation and continued commitment to our educational environment.

With best regards
